Career Objective

Passionate and self-motivated Frontend Developer with a solid foundation in React.js, JavaScript, and modern UI frameworks like Tailwind CSS. I aim to grow as a professional developer by contributing to impactful web applications and continuously sharpening my technical skills in real-world environments.

Skills

Technical Skills

- **Languages:** JavaScript, HTML5, CSS3
- **Frontend:** React.js, DaisyUI
- **Backend:** Node.js, Express.js, NextJS
- **Database:** MongoDB
- **Version Control:** Git, GitHub
- **Other Tools:** Firebase Auth, React Hook Form, TanStack Query, Axios, React Router

Interpersonal Skills

- Strong Communication
- Team Collaboration
- Problem Solving
- Time Management

Professional Training

CERTIFICATION PROGRAM

Creative IT Institute, Chattogram

 August 2024 – December 2024

Key Responsibilities

- Developed responsive and accessible UI components using React and Tailwind CSS
 - Applied mobile-first design principles and conducted code reviews with peers
 - Managed version control using Git & GitHub, including branching and bug fixes
 - Built interactive dashboard pages and integrated RESTful APIs using Axios
-

Projects

GardenHub – Gardening Tips Community App

A social platform for gardening enthusiasts to share tips and connect with others.

 [Live Site](#) |  [Client GitHub](#) |  [Server GitHub](#)

Key Features

- Post garden tips with title, description, and category
 - Browse gardener profiles and their shared content
 - Filter gardening tips by custom categories
 - Dashboard to manage personal and public contributions
-

FreshKeep – Food Expiry Tracking App

A smart inventory tracker that notifies users of expiring food items.

 [Live Site](#) |  [Client GitHub](#) |  [Server GitHub](#)

Key Features

- Add food items with expiry dates and track in real time
- Notifications before and after expiration
- Add notes or reminders to food entries

- Private dashboard for managing your food inventory
-

Sports Club Management System

A full-stack web application for managing sports court bookings, memberships, and payments.

 [Live Site](#) |  [Client GitHub](#) |  [Server GitHub](#)

Admin Login: [tim@mail.com](#) / [123456](#)

Key Features

- Publicly viewable court sessions (card/table toggle view)
 - Book courts by selecting time slot and date (login required)
 - Role-based dashboards for admin and members
 - Admin features: manage courts, bookings, users, members, and coupons
 - Integrated Stripe payment system
 - Booking status tracking: pending, approved, and paid
 - Announcement and coupon management features
-
