MongoDB, MySQL

Backend

Node.js, Express.js

Version Control System

Git

Soft Skills

Team Collaboration, Active Listener, Communication

Projects

TicketHub – Online Ticket Booking Platform (Team Project)

09/2025 – 10/2025

Repo

Full-stack platform streamlining event booking and management with real-time operations and secure payment integration.

- Developed **payment history tracking** for organizer dashboard and implemented **automated event reminder and notification system** for attendees
- Built comprehensive organizer management section with **analytics, transaction monitoring, and administrative controls**
- Engineered **real-time seat selection** with secure payment gateway integration and automated **QR-based e-ticket generation**
- Implemented **post-event feedback and rating system** enabling attendees to rate events and share reviews for continuous improvement

Technology: Next.js, NextAuth, Node.js, MongoDB, SSLCOMMERZ

Champion – Sports Club Management Platform

07/2025 – 07/2025

Client | Server

Full-stack application streamlining club operations with court management, membership systems, and secure payment processing.

- Built role-based authentication and admin dashboards for efficient club administration
- Automated booking workflows with real-time facility scheduling and availability tracking
- Integrated secure payment gateway for seamless member transactions and subscription management

Technology: React.js, MongoDB, Firebase, Node.js, Stripe

FreshKeep – Food Expiry Tracking Application

06/2025 – 06/2025

Client | Server

Full-stack platform reducing food waste through intelligent shelf-life monitoring and comprehensive inventory management.

- Developed food tracking system with **authentication and CRUD operations** for inventory control
- Implemented automated **expiration alerts and real-time updates** to prevent spoilage
- Built secure **note management system** for protected user data storage.

Technology: React.js, Node.js, MongoDB, Firebase

Education

Bachelor of Science in Textile Engineering (Major in Wet Process Engineering)

Chittagong Textile Engineering College (Affiliated to Bangladesh University of Textiles, BUTEX)
